### 2016 – 2018 : IT Regional Manager Sumatera (Aceh to Lampung)

2013 – 2016 : IT Regional Manager Sumatera 2 (Jambi, Palembang, Sumsel Babel, Bengkulu, Lampung)

For 5 years and 7 months at Bank BTPN, I was responsible for the smooth operation of the Information Technology Directorate at all branch offices, both in terms of equipment and network availability.

The total branch offices which are my responsibility are 122 branches spread from Banda Aceh to Bandar Lampung.

The number of ATMs handled is 250 units, with branch office connections using Leased Line technology, MPLS, VSAT and GSM.

Managing 32 outsourced IT technicians, consisting of 2 Technician Leaders and 30 IT Engineers.

### ACHIEVEMENTS:

1. Successfully implemented EBA server backup & recovery system in all BTPN branches. By using the recovery system, restore OS problems on the EBA server can be done in approximately 30 minutes, from the previous 4 hours.
2. Supporting rollout of UMK branch offices (Credit Partner Unit) of 65 branches, spread across southern Sumatra.
3. Implementing an IT asset recording system, so that the movement of IT assets in the Sumatra Region is recorded properly without any dispute / loss of assets.
4. Support the smooth rollout of mobile-based credit applications (android and IOS) for Purnabakti, Sinaya and UMK marketing agents.
5. Successfully implemented Antivirus rollout in BTPN branches, around 2500 computers & notebooks.
6. Successfully implemented queuing machines at Purnabakti Bank BTPN branches, so that retirement salaries can be properly managed.
7. Success in supporting of the Cisco routers replacement program at all BTPN branch offices in Sumatra.

**PT. Smartfren, Tbk**  
2011 – 2013

### 2012 – 2013 : IT Support Supervisor

2011 – 2012 : IT Staff Sumatera 2

When joining Smartfren, I was asked to ensure that all IT devices in the Sumatra 2 regional office are ready to use and completely documented.

I was also asked to ensure that the opening of new galleries in South Sumatra goes well and is within the predetermined timeline.

In charge of 3 IT technicians spread across Bandar Lampung, Jambi and Bangka Belitung.

The SOW for the opening of a new gallery includes :

Bank BTPN

1. The LAN cable installation is ready for use.
2. All computers are ready to use, connected to the payment system and MFD printers in the gallery.
3. All computers and notebooks can be remote from the Daan Mogot network operation center (NOC) and the Sumatra 2 regional head office.

**PT. Sampoerna Telekomunikasi Indonesia**  
2006 - 2011

### **2010 – 2011 : IT Staff & Data Service Engineer** 2006 – 2010 : IT Staff

Responsible for smooth IT operations at the Ceria sales & gallery office, as well as the Master Switching Center (MSC) of PT. Sampoerna Telekomunikasi Indonesia.

Leading the rollout of 2.4 GHz AP Canopy radio in all Ceria galleries in South Sumatra, Bandung & Semarang.

#### **ACHIEVEMENTS :**

1. Connecting all gallery offices to MSC / BSC so that the gallery can be connected to a private payment system (WAN);
2. Successful accreditation of PT. Sampoerna Telekomunikasi Indonesia as one of the internet service providers;
3. Conduct training to Ceria partners in Sumbagsel in implementing sales reporting

**PT. Indosat, tbk**  
2003 – 2006

### **2003 – 2006 : Dukungan Teknik**

Joining PT. Indosat in 2003 with 5 VSAT installation projects in West Sumatra.

My main task is to ensure that all VSAT connections are running well, for oil company sites such as Pertamina, Backer Atlas, as well as Pemprop Pekanbaru, Jambi, Bengkulu, Bangka Belitung, South Sumatra and Bandar Lampung.

#### **ACHIEVEMENTS :**

1. Successfully connected all branches and galleries of Indosat/Satelindo using a private network (WAN).
2. The success of the rollout of new BTS-BTS in Bengkulu for Indosat's cellular coverage to Manna and Ketahun areas.
3. Become an IM2 agent for customer internet connections in the Sumbagsel area.
